Professional Experience

Associate Product Manager | Vudio.ai

Apr 2024 – Present

Joined as a Founding APM, helped Vudio evolve from a video commerce tool into a full-stack marketing suite for D2C brands by building multiple 0→1 products & scaling them to 1,000+ clients including big Indian enterprise brands like Shoppers Stop, Godrej, Littlebox India etc. Worked across Product, Customer Success, and Design, owning PLG initiatives, funnel optimisation & end-to-end product lifecycle for multiple modules.

Key Achievements:

- Built **self-serve onboarding** & **redesigned** entire Shoppable Widgets module — company's core revenue-driving product, **improving activation by ~74% & reducing TAT by ~69%** (13 days → 4 days).
- Improved **free-to-paid conversion by ~10%** by building an analytics dashboard that gave clients visibility into widget performance across engagement and sales data.
- Contributed to **30× ARR growth** ($10K → $300K) over 2 years through **0→1 product launches** including AI Studio, Content Library, Social Media Posting and DM Automation.
- Led **AI Studio from 0→1**, a GenAI-powered video creation tool for D2C brands, owning **prompt framework design, API integrations and UX**, increasing **ARPU by 5%** among fashion brands.
- Drove **10M+ widget views and $XM+ in client revenue** by optimising **widget and video placement** across high-intent/high-traffic pages using Shopify analytics.
- **Led Vudio's design pod**, hiring and mentoring 3 designers, building a new design system and improving usability and visual consistency across the product.

Product & Design (Freelance) | Contra

Oct 2022 – Feb 2024

- Spearheaded dashboard and landing page redesigns for multiple digital product clients, enhancing user engagement and driving measurable improvements in conversion rates.
- Owned the full client lifecycle — from brief and requirements intake through UX design and developer handoff — ensuring on-time delivery and high client satisfaction.

Product Designer | Leadsquared [B2B SaaS]

Feb 2022 – Oct 2022

- Designed the complex “My Trips” field sales app module — conducting end-to-end user research, wireframing, user flows, information architecture, and prototyping — resulting in a 10% increase in DAU.
- Built and rolled out a comprehensive mobile design system, establishing consistent UX and visual identity across all app modules, reducing user friction and improving task completion rates.
- Partnered with product managers, engineers, and senior designers to streamline design processes and accelerate iteration cycles, improving cross-functional team efficiency.

Product Design & Research Intern | Crux Intelligence [B2B SaaS]

Aug 2021 – Nov 2021

- Enhanced data visualisation and table interactions across web and mobile; designed and prototyped column rearrangement flows and multi-measure line chart improvements.
- Conducted qualitative and quantitative user research through Otter.ai interview transcript analysis, surfacing actionable behavioural insights with the senior UX researcher.
- Strengthened design systems knowledge — design tokens, atomic design, modularity — via a dedicated Design Systems Workshop; performed comprehensive product audits and visual QA on the “ask”, “nudge”, and “explore” modules post-deployment via TestFlight.

Product Design Intern | Find Firms

May 2019 – Aug 2019

- Delivered 10+ design projects for clients as part of a team of 5, producing wireframes, interactive prototypes, user journey maps, and information architecture.

Graphic & UX/UI Designer | Fiverr

Feb 2019 – May 2019

- Executed end-to-end design projects for clients across beauty, skincare, wellness, and lifestyle verticals.
